

INTERNATIONAL CENTRE FOR SURGICAL SIMULATION (UZICSS)

3RD UZICSS SURGICAL SYMPOSIUM AGENDA

Date: 17th April 2024

Facilitator: Prof Godfrey Muguti & Prof Bijendra Patel

Time	Topic	Speaker
Session1:	Launching International Centre for Surgical Simulation, (UZICSS)	Speaker
0900 to 09.10	Introduction and Welcome	Prof Godfrey Muguti
09.10 to 09.30	Impact of Surgical Simulation on Patient Outcomes	Prof Godfrey Muguti
09.30 to 09.50	When Can I Be Proficient in Laparoscopic Surgery?	Prof Zach Koto
09.50 to 10.10	Evidence-Based Guideline on Laparoscopy in Pregnancy	Dr Lisa Ball
10.10 to 10.30	Role of Diagnostic Laparoscopy in Gynaecology & General Surgery	Dr Joseph Shava
10.30 to 10.50	Principles of Laparoscopic Haemostasis	Dr. Noel Ralph Zulu
10.50 to 11.10	A Teaching Program for Safe Anastomosis	Prof Zach Koto
11.10 to 11.30	Science of Knotting Intracorporeally 1. Understand the mechanics of intracorporeal knotting for tying a "slippable" reef knot. 2. When and how Roeder and intracorporeal knots should be used	Prof Bijendra Patel
11.30 to 11.50	Opportunities, Obstacles and Solutions for MIS Training in Zimbabwe	Dr. M. Machiri
11.50 to 12.10	Opportunities, Obstacles and Solutions for MIS Training in Africa/COSECSA	Dr Antony Chengahomwe
12.10 to 12.30	Group Debate and Discussion	Trainees & Audience
12.30 to 12.40	Utano Africa	Utano Rep
12.40 to 12.50	Avenues Clinic	Avenues Clinic Rep
12.50 to 14.00	Lunch & Industry Exhibition	
Session 2:	Principles of Laparoscopic Surgery & Advanced Laparoscopy Course	
14.00 to 14.10	Milton Park	Milton Park Rep
14.10 to 14.20	DMD	DMD Rep
14.20 to 14.40	Laparoscopic Instruments, Port Placement, Access and Closure.	Dr Akutu Munyika
14.40 to 15.00	Trouble Shooting in Minimally Invasive Surgery - Vision & instrumentation, difficult access, working space & exposure, large organ/fatty omentum etc.	Dr Bothwell Mbuwayesango
15.00 to 15.30	Systems Approaches to Surgical Quality & Safety	Dr Paul Barach
15.30 to 15.50	Complications and Prevention in Laparoscopic Surgery	Dr Onesai Chihaka
16.00 to 16.15	History of Laparoscopic Surgery & The Imaging System, Set up Lap Stack	Prof Wendy Su
16.15 to 16.30	Basic Principles & Ergonomics of Laparoscopic Surgery Adults & Paediatrics	Prof Wendy Su
16.30 to 16.45	Risk from Physiological Influences of Laparoscopic Surgery	Dr Cara Liebert

Time	Topic	Speaker
16.45 to 17.00	A Teaching Program for Safe Cholecystectomy	Dr Cara Liebert
17.00 to 17.20	Certificates in Laparoscopic Surgery (CLS/MSc/Diploma) > Update and Future Plans of UZICSS 2024	Prof Godfrey Muguti
17.20 to 17.30	Discussion & Conclusion	Prof Muguti/Prof Patel
